7. 08. 2026

Dear Sir or Madam,

I am writing this letter as have serious concerns about page 98 and Page 253 of a consultation survey regarding HBC allocating land, within a National Landscape namely (site EM08a - The Horsefield) without demonstrating the exceptional circumstances required by the National Planning Policy for major development. HBC has rewritten POLICY 30.

Both of these are seemingly unsound and not legally compliant.

For more housing development South of A295 is closing the green cap, which is spiritually, morally and ethically destroying the environment and mental well-being of the already residents in this area. Please consider this plea from the heart. We are collectively being squeezed into an urban area and deprived of the green space needed for mental, spiritual and physical well-being.

Yours Sincerely,

[redacted]
