Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

Local sewerage systems already clearly cannot cope with existing output as it so often ends up in our beautiful streams and sea water making it unsafe for bathers, paddlers and dog walkers. How is it safe or sound to add another 90 homes of human poopers to this overstretched and failing sewerage system? We live in an area of outstanding natural beauty, where the farmlands and horse fields all contribute to our health and well being. How is paving over the horse field with another 90 homes going to contribute anything positive to the local peoples health and well being?

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Modification 1. Take Southern Water to court and make the shareholders fix their failing sewerage system before even considering adding more homes to the area. The water company getting fined doesn't actually fix their failures. The fines just get passed onto the end users as higher bills. The shareholders need to be held accountable.
Modification 2. Build the houses on old industrial land or in un let office spaces or un let warehouse spaces. Retail units are constantly going bust, simply repurpose those and save the green belt areas from being built over. Green areas should be protected & preserved at all costs. Once lost, we can never make them green again. There is a piece of land on New Lane Havant which used to be the Colt factory and is now standing cleared and empty. Build the homes there instead.
