Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

The wording of Policy 30 would allow sites to be allocated without meeting the National Planning Exceptional Circumstances Test.
This test is in place to protect our local environment and is an important safeguard which should not be bypassed. Chichester Harbour is an area of outstanding natural beauty (national landscape) and in it's current form, the plan does not provide the level of protection our local landscape and ecosystems deserve. The Local Plan risks not only irreversibly damaging local assets, reducing the beauty and unique character of the local area, but also creating a precedent for future planning which could have devastating impacts for out national landscape in years to come.
Site EM08a, The Horse's Field, under allocation 3, would be affected by this policy as it is a site which sits within the national landscape and for which the exceptional circumstances permitting housing development have not been evidenced. Emsworth and Chichester Harbour are unique and beautiful areas and residents and councillors have a responsibility to protect and conserve this environment. In its current form, the local plan is doing the very opposite.
The wording of Policy 30 should therefore be changed to ensure procedures designed to protect out national landscape are followed and Site EM08a should be removed from the plan.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

In Policy 30 on page 253, the wording of 'other than where allocated within this local plan' should be removed to ensure the National Planning Exceptional Circumstances Test is adhered to in all planning for protected land now and in the future.

Site EM08a - The Horse's Field (Allocation 3) should be removed from the local plan due to its position within the National Landscape.
