Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

I consider the Building a Better Plan unsound and not legally compliant because the allocation of EM08a (The Horsefield) was added at a very late stage without the robust evidence base required for development inside a National Landscape. No exceptional-circumstances assessment, landscape appraisal, ecological study, tranquillity assessment, or recreation-pressure modelling has been undertaken, despite these being mandatory under national policy before any allocation is made. The Plan therefore fails the tests of justified, effective, and consistent with national policy, and does not meet legal requirements for transparent, evidence-led plan-making. For these reasons, EM08a should be removed from the Local Plan.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

To make the Local Plan legally compliant and sound, Policy EM08a should be removed entirely from the Plan, as its allocation within the Chichester Harbour National Landscape is unsupported by the evidence required under national policy. No exceptional-circumstances assessment, landscape appraisal, ecological study, tranquillity assessment, or recreation-pressure modelling has been undertaken, meaning the allocation fails the tests of justified, effective, and consistent with national policy. The necessary modification is therefore: delete Policy EM08a and all associated text and mapping, and amend Policy 30 by removing the phrase “where allocated within this Local Plan or” so that it fully aligns with the NPPF requirement that major development in a National Landscape must only proceed where exceptional circumstances and public interest are demonstrated. These changes restore legal compliance and ensure the Plan is sound.
