Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

I object to Allocation 2 on the grounds that the plan does not align with the councils sustainabilty assessment..
[redacted]and provision of proper walking/cycling links via Long Copse Lane to Westbourne and Emsworth are non existent. The allocation does not insist that proper provision is provided but just asks that the developer explore opportunities. They could investigate and decide that they against providing said proper provision. Given that vehicular will increase dramatically if the site goes ahead the providing safe access for pedestrians, cyclists and motor vehicles well be paramount. if the plan cannot guarantee that it will be compliant with the Council's own sustainability appraisal then it is unsound.

I object on the grounds adequate provision of waste water services is not guaranteed . Whilst Thornham sewage treatment works T
are effective for Chichester's adopted plan, they do not include provision for for Havant's Emsworth allocations. If the plan does not provide a workable solution to the provision of waste water services then it is not effective.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The provision of mandatory adequate walking/cycling links.

Do not even consider approval of Allocation 2 (Land north of Long Copse Lane), until there are adequate facilities to deal with waste water provision.
