	Yes	No
Legally compliant		X

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

Site EM08a has been part of Chichester Harbour AONB. and now the National Landscape since 1964. The purpose of AONBs was to protect the land for future generations from short term decisions, either for personal or political pressures.

The horsefield is part of a far larger portion of land that has been owned by various management companies [redacted]

The current owner is the last of a long line of speculators who have owned this agricultural site with the hope of putting pressure of the council to grant planning permission.

This is precisely the kind of activity that AONBs, and now the National Landscape were designed to prevent.

Allowing building on this site will set a precedent for other speculators to buy up agricultural land in the hope of making a very large profit by selling it as building land.

This is against everything that the formation of the former AONBs was designed for.

Nothing has changed since this site was last discussed, other than a change in the personnel making the decisions. As a consequence, I see no reason why it can be argued that there are exceptional circumstances which warrant the inclusion of this site.

In addition, any homes built on that site are unlikely to provide homes for people currently living in the area, as they are likely to be too expensive.

As a consequence any development will just attract more people to the location, which will impact upon the National Landscape.

This application only benefits the applicant to the detriment of everyone living and visiting Chichester Harbour National Landscape.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove EM08a from the Local Plan. Remove the decision made Havant Borough Council to allocate sites without meeting the National Planning exceptional circumstances test.
