Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

If it is indeed legal to swamp the existing A259 with traffic achieving incredible speeds and associated noise without and relief road, then I'm amazed beyond d belief. Looks like the police were in the Bosham area today after being bombarded with emails from residents as the road out of Bosham is now called Brands Hatch. The 60mph must be reduced to 50 and a 30mph repeater is needed where our speedwatch team stand, and have stood for the past three years. I cordially invite anyone from Havant or the CDC to join me on site to experience what we experience every day. It is affecting the well being of existing residents and will get worse. PLEASE insist that developers put money aside which is ring fenced to improve the current road system. Thank you and hope that the time I have spent highlighting this issue isn't wasted.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
