4.8.26

Dear Sir,

I would like to object in the strongest possible terms to the proposed planning application for the Horsefield.

[redacted]

I have sat on various committees at which several planning applications have been put forward for Horsefield. All have been rejected out of hand. It would be a desecration to develop on the south side

of the Harvard Road, & Emsworth to lose it's identity & become part of the sprawling suburbia along the south coast. There is already a huge development being built off the Southleigh road, & the local roads & amenities cannot cope.

Yours sincerely,

[redacted]
