2/8/26

Dear Sir/Madam
Re: The Horsefield, Havant Road, Emsworth

We are writing to object to the use of The Horsefield (site EM08A) which lies inside the Chichester Harbour National Landscape, as a building site. H.B.C have a DUTY to protect these areas. If this area is used it will set a precedent, there is supposed to be a 'strategic Gap' between Emsworth and Havant which is gradually being eroded.
The question also needs to be raised - Who are going to be housed in these properties? The site at Harris's Scrap yard in Southbourne has been closed down because of soaring building costs.
The infrastructure locally is

under enormous pressure already, not enough Dr appointments available, QA a St Richards Hospital struggling — the list goes on

[redacted] and we have watched it being wrecked. There should have been a slip road onto the dual carriageway between Emsworth and Chichester, instead the traffic comes through Emsworth. The traffic here is already horrendous this will only make things worse.

The Blandings Way Estate has a set of traffic lights at it's junction which causes mayhem, We suspect HBC will insist on MORE traffic lights at 'the horsefield' where a small roundabout would suffice

PLease do not give permission for this site to be built on.
