CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

The horse field is in National Landscape, which is protected from development - by law, the proposed development EM08a is NOT LEGALLY COMPLIANT AND is UNSOUND and should be removed from your local plan.
No evidence of exceptional circumstances has been shown just revising Policy 30 does not count and the wording "other than where allocated within this Local Plan or" should also be removed, over riding the National Landscape protection in this way is not meeting the National Planning exceptional circumstances test.

Kind regards
Sally and Robert Michael
