Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

I object on the grounds that this allocation must be rejected due to non-compliance with the Habitats Regulations and nutrient neutrality requirements. Chichester Harbour is currently experiencing severe nutrient stress. The Council's own capacity figures demonstrate that this development would absorb a disproportionate share of the catchment's remaining headroom without any secured or viable mitigation strategy. As a result, the plan fails the test of effectiveness.

I object to this allocation on the grounds that adequate wastewater treatment capacity has not been demonstrated. Current evidence confirms that Southern Water's funding for the expansion of Thornham Wastewater Treatment Works is dedicated entirely for Chichester's adopted plan, leaving no allocation for Havant's proposed housing in Emsworth. Furthermore, both councils explicitly acknowledge that delivering wastewater infrastructure is outside their control. Allocating housing without evidence that sewage can be safely treated within the plan period fails the legal test of effectiveness.

I object to Allocation 2 on the grounds of soundness, specifically regarding effectiveness. The Council's Sustainability Appraisal clearly establishes that sustainable transport improvements are a prerequisite for this site's acceptability. However, the policy wording merely obliges the developer to 'explore opportunities,' which lacks any binding legal force or guarantee of delivery. Because the site cannot be delivered in accordance with the mitigation relied upon in its assessment, the plan is unsound unless these sustainable transport requirements are made mandatory.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Delete Allocation 2 (Land north of Long Copse Lane) from the plan. This will make the Local Plan sound.
