	Yes	No
Legally compliant		X

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

The council states that for the site to be acceptable there must be proper walking, cycling and bus links to Emsworth. Currently, there is no serviceable bus service to Emsworth or Havant. The plan invites the developer to ‘explore opportunities’ to improve these modes of transport but the developer could decide against making any transport improvements and still comply. The site is so remote that the only viable form of transport will be by car putting extra pressure on the already heavily congested roads and lanes around Emsworth and Havant.

The site is a wild life corridor for all species of wild life to safely move between the South Downs National Park to the north and the south coast. A site further along Long Copse Lane has recently been refused by a government inspector for exactly this reason. It is a site for Bechstein bats which are a protected species under European law. The ecology chapter in the plan contains no bat assessment for the site.

This site was allocated in the Council's previous Local Plan but that plan had to be withdrawn as it was deemed to be unsound. A previous study by the council deemed this site as unsustainable and should never be developed. Havant Borough Council has assessed this site as “not deliverable".

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove the site from the plan.
