I'm referring to the Horsefield in Emsworth opposite the Ropemakers. I don't have the proper numbers because I couldn't find my way round your website. This area is a National Landscape and shouldn't be built on. Many homes have been built on the fields on the opposite side of the road, further up Horndean Road and at Hampshire Farm, and many more are inappropriately planned for Southleigh. There will be no space left. Once gone, it's gone. This will open up the flood gates for the rest of the free space to be built on. The plan for Southleigh doesn't consider pollution, traffic congestion, overcrowding and sewerage provision, let alone resources like GP surgeries and schools. Especially at a time when the Government is already being made aware of the failure of developers to meet the obligations they promised in the plans.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Stop building in Emsworth. We are full up!
GP surgeries are already overburdened. Southern Water can't cope with the current sewerage and releases it into the sea. Roads are already congested and absolutely gridlocked if there are road works anywhere or the A27 has to be closed.
I thought the point of a council was to protect residents from inappropriate building developments. You are very quick to stop residents building in case they cause a problem so why do you just open up the doors to developers and let them do what they want at a cost to so many?
