If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

Havant Borough Council has a legal duty to further the conservation and enhancement of this landscape. It appears that the full impact of the proposed house building on the site EM08a has not been given due legal consideration.
The land in question falls within the Chichester Harbour National Landscape and this proposal breaches the legal protection it provides together with its aims and objectives. The conservancy is strongly opposed to this development. The National Planning rules state that decisions concerning this area are strongly controlled and require strict proof of exceptional circumstances to prevent ecological and scenic harm. Such proof does not appear to exist to justify the overriding of the National Planning Rules.
This proposal also fails when considered alongside the Key Focus areas of policy 30 before the wording was apparently quietly changed by the local authority.
Officials are obligated to give great weight to the conservation of natural areas and no exceptional circumstances have been proved.
There is no public support for the building of houses on this field. Most residents and visitors are furious the issue has resurfaced only a few years since a previous attempt. The possibility of losing the natural landscape which is so beneficial to so many has shocked people together with the attitude of the council.
The building of expensive properties on the field serves no benefit to the local community and the proposal should be struck from the plan and never be attempted in future.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove the changed wording from policy 30

Remove development of the Site EM08a
