Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

I contend that the Plan is unsound in respect of its Allocation 2 on the grounds that the plan is not effective. Given the location of the site in relation to key facilities and services, including public transport, it is clear that very significant sustainable transport improvements must be made to avoid an unacceptable increase in the use of cars for commuting and for local journeys to shops, schools etc. For example, the Transport Assessment produced to support a previous application (2021) for development on this site showed that none of the 'Key Local Destinations' are within a 'comfortable' walking distance (800m) of Long Copse Lane. As far as cycling is concerned, though nearly all these destinations were found to be within a 'short' distance (2km), account must also be taken of the hazards, actual or perceived, which restrict cycle use in practice (see Havant LCWIP). The third element of local sustainable transport, the 27 bus, which has stops approximately 750m from the site, currently provides three or four services each weekday (dependent on direction) and none at the weekend.
It is clear from the above that very significant investment in sustainable transport is required if this site is to be sustainably developed. It is highly unlikely that a developer will agree to pay for these improvements, implying that the site cannot be sustainably developed.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove Allocation 2 from the Plan.
