Part B - Your representation(s)

Which part of the Building a Better Future Plan does your representation relate to?
Please provide as much detail as possible.
If you wish to make a change to the Policies Map, please comment on the corresponding policy, and explain what change you would wish to make. If you would be helpful if you could show this in visual form
A full list of policies and allocations can be found in the contents page(s) of the Publication Plan - you can access this document here.

Policy Number	30
Allocation Number	3
Paragraph Number	-
Page Number	98

Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

1.Policy 30 has been rewritten so that sites can be allocated without meeting the National Planning exceptional circumstances test.
2. HBC has allocated land within a National Landscape (Site EM08a) without demonstrating the exceptional circumstances required by the National Planning Policy for major development.
If protected land can be allocated in the Local Plan without the national test being applied and met, the same reasoning becomes available for other protected sites across the Borough,
National Planning Policy paragraph 190 says major development should be refused unless there are exceptional circumstances and unless it is shown to be in the public interest. No such evidence has been published.
The Horsefeld EM08a lies inside the Chichester Harbour National Landscape. Havant Borough Council has a legal duty to protect and maintain the conservation and enhancement of this landscape.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

1. Remove EM08a from the site allocation,
2. remove the phrase "other than where allocated within this Local Plan or" from Policy 30.

HBC needs to demonstrate the exceptional circumstances required by National Planning Policy, which should have applied to this allocation under Policy 30.

Examination Hearing Session Invitation

If your representation / representations are seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?
Please note that while this will provide an initial indication of your wish to participate in examination hearing session(s), you may be asked at a later point to confirm your request to participate.
No details on the examination hearing session(s) have yet been determined and will be made available upon the submission of the Building a Better Future Plan to the Planning Inspectorate.

No, I do not wish to participate in examination hearing session(s)

Examination Hearing Session Invitation (2)

You indicated that you wish to participate in the examination hearing session(s). Please outline why you consider this to be necessary.
Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in examination hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

This sets a precedent to building elsewhere in the National Landscape around Chichester Harbour. Such development has been robustly defended and denied in the past. The National Landscape means a great deal to many residents and tourists and such development risks a negative impact on a key source of employment and income for the area.
If protected land can be allocated without a national test being met, the same reasoning becomes available for other protected sites in the area.
