positive (significant beneficial impact)

neutral (no relationship or insignificant impact)

mixed (choice will determine impact or mitigating measures could be employed)

APPENDIX 2 – Objectives and Indicators of the Integrated Regional Framework

Vision of the Integrated Regional Framework (IRF)	Objectives of the Integrated Regional Framework (IRF)	Indicators of the IRF Objectives
<p><i>Social progress which recognises the needs of everyone, with;</i></p> <p>Strong communities free from high levels of crime and discrimination, with ready access to jobs, education, homes, services and amenities.</p>	<p>1. To ensure that everyone has the opportunity to live in a decent, sustainably constructed and affordable home</p>	<p>1a Housing completions compared with regional guidance 1b Affordable homes within total housing stock 1c Average property price compared with average earnings 1d Households on the housing register 1e Number of unfit homes per 1,000 dwellings</p>
<p>Diverse opportunities for everyone to live fulfilled and healthy lives and to realise their full potential.</p>	<p>2. To improve the health and well-being of the population and reduce inequalities in health</p>	<p>2a Death rates from circulatory disease, cancer, accidents and suicide 2b Infant mortality rates 2c Conceptions among girls under 18 2d Life expectancy</p>
	<p>3. To reduce poverty and social exclusion and close the gap between the most deprived areas in the South East and the rest of the region</p>	<p>3a Proportion of children under 16 who live in low income households 3b Percentage of population of working age who are claiming key benefits 3c Percentage of households in fuel poverty 3d Proportion of population who live in areas that rank within the most deprived 20% of areas in the country 3e Household income in rural areas</p>
	<p>4. To raise educational achievement levels across the region and develop the opportunities for everyone to acquire the skills needed to find and remain in work</p>	<p>4a Proportion of 19 year olds with Level 2 qualifications (5 GCSEs A*-C or NVQ equivalent) 4b Percentage of population of working age qualified to NVQ Level 3 or equivalent 4c Proportion of adults with poor literacy and numeracy skills</p>
	<p>5. To reduce crime and the fear of crime</p>	<p>5a Level of domestic burglaries, violent offences and vehicle crimes 5b Fear of crime</p>

	<p>6. To create and sustain vibrant communities</p>	<p>6a Percentage of people who say they are satisfied with their local area as a place to live 6b Percentage of people who feel their local area is a place where people from different backgrounds and communities can live together harmoniously 6c Percentage of people who have carried out any of a specified list of unpaid actions for someone who is not a relative in the past 12 months 6d Percentage of people who have received any of a specified list of unpaid actions by someone who is not a relative in the past 12 months</p>
	<p>7. To improve accessibility to all services and facilities</p>	<p>7a Percentage of rural households at set distances from key services</p>
	<p>8. To encourage increased engagement in cultural activity across all sections of the community in the South East</p>	<p>8a Engagement in cultural activity by target group, for example young people or geographic area 07</p>
<p>Effective protection of the environment, with;</p> <p>A distinctive, diverse and attractive landscape rich in wildlife and with clean air and water, and which is managed sustainably.</p>	<p>9. To reduce the risk of flooding and the resulting detriment to public wellbeing, the economy and the environment</p>	<p>9a Properties at risk from flooding 9b New development with sustainable drainage installed</p>
<p>High quality development which through design and location uses land efficiently, conserves natural, cultural and historic heritage, and reduces the need to travel by car</p>	<p>10. To improve efficiency in land use through the re-use of previously developed land and existing buildings, including re-use of materials from buildings, and encourage urban renaissance</p>	<p>10a Development on previously developed land 10b Derelict land and empty properties</p>
	<p>11. To reduce air pollution and ensure air quality continues to improve</p>	<p>11a Days when air pollution is moderate or high</p>
	<p>12. To address the causes of climate change through reducing emissions of greenhouse gases and ensure that the South East is prepared for its impacts</p>	<p>12a Emissions of greenhouse gases from energy consumption, transport and land use and waste management 12b Capacity during 'critical periods' to supply water without the need for restrictions</p>

	<p>13. To conserve and enhance the region's biodiversity</p>	<p>13a Populations of wild birds 13b Condition of Sites of Special Scientific Interest (SSSIs) 13c Extent and condition of key habitats for which BAPs have been established 13d Extent of ancient woodlands</p>
	<p>14. To protect, enhance and make accessible for enjoyment, the region's countryside and historic environment</p>	<p>14a Land covered by management schemes 14b Access to and the use of the countryside 14c Buildings of Grade I and II* at risk of decay</p>
	<p>15. To reduce road congestion and pollution levels by improving travel choice, and reducing the need for travel by car/lorry</p>	<p>15a Average daily motor vehicle flows 15b Proportion of travel by mode 15c Monetary investment in walking, cycling and public transport</p>
<p><i>Prudent use of natural resources, with;</i></p> <p>Environmentally efficient households and businesses which embrace environmental technologies, reduce their consumption of water and energy, and their production of waste.</p> <p>Burgeoning environmental industries which create employment in sustainable waste management, renewable energy, and development of resource efficient materials, appliances and technologies</p>	<p>16. To reduce the global social and environmental impact of consumption of resources by using sustainably produced and local products</p>	<p>16a Percentage of new build and retrofit homes meeting EcoHomes Very Good standard 16b Percentage of commercial buildings meeting BREEAM Very Good standard 16c Ecological footprint for the South East</p>
	<p>17. To reduce waste generation and disposal, and achieve the sustainable management of waste</p>	<p>17a Percentage of the total tonnage of all types of waste (municipal solid waste, construction and demolition, and industrial) that has been recycled, composted, landfilled and used to recover heat, power and other energy sources</p>
	<p>18. To maintain and improve the water quality of the region's rivers and coasts, and to achieve sustainable water resources management</p>	<p>18a Rivers of good or fair chemical and biological water quality 18b Compliance with the EC Bathing Waters Directive 18c Per capita consumption of water 18d Incidents of water pollution (major and significant)</p>

	19. To increase energy efficiency , and the proportion of energy generated from renewable sources in the region	19a Energy use per capita 19b Installed capacity for electricity generation from renewable sources
Maintenance of high and stable levels of economic growth and employment, with; A strong, diverse, and dynamic economy with a skilled, motivated and productive workforce and strong workplace partnerships in globally competitive businesses that anticipate and embrace change.	20. To ensure high and stable levels of employment so everyone can benefit from the economic growth of the region	20a Proportion of people of working age in employment 20b Proportion of people claiming unemployment benefits who have been out of work for more than a year 20c Percentage increase or decrease in the total number of VAT-registered businesses 20d Percentage change in workplace-based employment
Greater investment, employment and opportunity, particularly in areas of social and economic deprivation, with the gap closing between the poorer parts of the Region and the rest.	21. To sustain economic growth and competitiveness across the region	21a Gross Value Added (GVA) per capita 21b Labour productivity performance of the South East against other high-performing regions in Europe and the world
	22. To stimulate economic revival in priority regeneration areas	22a Proportion of people, in the most deprived areas, of working age in employment 22b Proportion of people, in the most deprived areas, claiming unemployment benefit, who have been out of work for more than a year 22c Proportion of young people (aged 18-24), in the most deprived areas, in full-time education or employment 22d Percentage increase or decrease in work place based employment in the most deprived areas
	23. To develop a dynamic, diverse and knowledge - based economy that excels in innovation with higher value, lower impact activities	23a Average annual increase in Gross Value Added (GVA) per worker for manufacturing and the knowledge sectors 23b Value of manufacturing exports per head
	24. To encourage the development of a buoyant, sustainable tourism sector	24a Percentage of jobs in the tourism sector 24b Number of visitors staying overnight and overnight spend

25. To develop and maintain a skilled workforce to support long-term competitiveness of the region	25a Percentage of population of working age qualified to NVQ Level 3 or equivalent 25b Proportion of adults with poor literacy and numeracy skills
