Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant	X	
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

It is essential that infrastructure upgrades are in place BEFORE permissions are given. We cannot rely on "expectations" to ensure developers and outside agencies deliver. We have local examples where contrary to explicit conditions new housing is being occupied without the necessary upgrades in place, to the detriment of wildlife, locals and occupants alike.
More seriously it does not seem that sufficient weight has been given to neighbouring councils plans. To the man in the street no research is needed to prove that if HBC adds c7,500 new homes to Chichester DC's 11,550 and E Hants nearby 800 there will soon be nearly 20,000 new units in this small area.
That means over 30,000 EXTRA CARS plus deliveries, visitors etc on the only 2 coastal east-west routes -the A27 and the A259 -with no plans or realistic ways of increasing the capacity.
Relying on increased walking, cycling and public transport is simply not realistic-the entire area will be gridlocked.
This situation is wholly unsustainable and unacceptable.
The Plan must therefore be considered UNSOUND

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

All references to essential infrastructure upgrades should impose an "infrastructure BEFORE development" rule. Failure to do this will result in yet further disfunctional traffic congestion and increased poisoning of our waterways in particular Chichester and Langstone Harbours.
