

APPENDIX 6 – Proposed Action Analysis.

Theme: Social Infrastructure Deficits

Key Issue: Bring Schools and Their Facilities More Effectively Into the Community

Proposed Actions:

- **Ensure effective use of the existing community facilities before building new provision.**
- **Support the development of the Community Hospital on the former Oak Park School site off Petersfield Road**
- **Ensure the inclusion of community and health facilities on the former Procter and Gamble site**

Objectives of the Integrated Regional Framework <i>(Highlighted objectives identified as priorities)</i>	Anticipated likely effect	<i>Commentary</i>
1. To ensure that everyone has the opportunity to live in a decent, sustainably constructed and affordable home	0	No significant net impact.
2. To improve the health and well-being of the population and reduce inequalities in health	✓	Local health facilities will improve access.
3. To reduce poverty and social exclusion and close the gap between the most deprived areas in the South East and the rest of the region	✓	Proposals will improve provision of local facilities.
4. To raise educational achievement levels across the region and develop the opportunities for everyone to acquire the skills needed to find and remain in work	✓	Proposals will improve access to schools and other facilities and increase skills levels.
5. To reduce crime and the fear of crime	0	No significant net impact.
6. To create and sustain vibrant communities	✓	Improving access to facilities will improve perceptions and social interaction.
7. To improve accessibility to all services and facilities	✓	Proposals will deliver additional facilities within the area.
8. To encourage increased engagement in cultural activity across all sections of the community in the South East	✓	Proposals will increase access to local facilities.
9. To reduce the risk of flooding and the resulting detriment to public wellbeing, the economy and the environment	0	No significant net impact.
10. To improve efficiency in land use through the re-use of previously developed land and existing buildings, including re-use of materials from buildings, and encourage urban renaissance	0	No significant net impact.
11. To reduce air pollution and ensure air quality continues to improve	0	No significant net impact.
12. To address the causes of climate change through reducing emissions of greenhouse gases and ensure that the South East is prepared for its impacts	0	No significant net impact.
13. To conserve and enhance the region's biodiversity	0	No significant net impact.
14. To protect, enhance and make accessible for enjoyment, the region's countryside and historic environment	0	No significant net impact.

15. To reduce road congestion and pollution levels by improving travel choice, and reducing the need for travel by car/lorry	0	No significant net impact.
16. To reduce the global social and environmental impact of consumption of resources by using sustainably produced and local products	0	No significant net impact.
17. To reduce waste generation and disposal, and achieve the sustainable management of waste	0	No significant net impact.
18. To maintain and improve the water quality of the region's rivers and coasts, and to achieve sustainable water resources management	0	No significant net impact.
19. To increase energy efficiency, and the proportion of energy generated from renewable sources in the region	0	No significant net impact.
20. To ensure high and stable levels of employment so everyone can benefit from the economic growth of the region	0	No significant net impact.
21. To sustain economic growth and competitiveness across the region	0	No significant net impact.
22. To stimulate economic revival in priority regeneration areas	✓	Proposals will improve access to schools and other facilities and increase skills levels.
23. To develop a dynamic, diverse and knowledge -based economy that excels in innovation with higher value, lower impact activities	0	Proposals will improve skills of the workforce.
24. To encourage the development of a buoyant, sustainable tourism sector	0	No significant net impact.
25. To develop and maintain a skilled workforce to support long-term competitiveness of the region	✓	Proposals will improve skills of the workforce.
Overall Comments	These actions are focused on a narrow range of issues. However, they show they should have positive impacts for sustainability, with five of the key criteria showing likely improvements.
