Subject: Re: Statement of Community Involvement

Thanks Enid. I did start to complete the 'Comments Form' but didn't find it very helpful so will make the direct comments below some of which relate directly to HCP.

1.20 Hampshire Compact
HBC has signed but there is no evidence of ongoing commitment

1.21 Government should have been challenged for not complying with their own Compact Consultation timescales.

Table 1 Involvement Methods
Business community is not adequately represented on HCP except by Chamber of Commerce who are only able to attend infrequently.

5.5 Assume reference to Chairmen of various boards including Community Boards is an HBC position and not referring to the Chairs of the local Community Boards

Appendix 6
North Hazleton Residents Association was disbanded many years ago.

Leigh Park Community Development Team may not exist after March due to lack of funding so may need to be removed from final document.

They were my only comments which didn't fit with the form.
