The Site: Reference no. EM08A, The Horsefields located opposite The Ropemakers on the A259 Havant Road

I object to this application, it is a greenfield site that lies within the protected Chichester Harbour National Landscape (an AONB). The area already has too many homes without investing in local services. The schools are over subscribed, the roads are too busy, there is a risk to flooding and loss of wildlife.

[redacted] I have seen first hand the affects that increased housing has already had on Emsworth. The roads are now carrying too much traffic and trying to pull out of junctions now pose significant risk. The increase in rush hour traffic pose risk to children on their way to schools already.

Infrastructure and Services: Local schools, healthcare facilities, and local services already face heavy pressure which cannot sustainably support 90 new homes.

Flooding and Drainage: Local drainage is already at capacity and are risk with surface water flooding and overloaded sewage systems in the immediate Emsworth area.

Ecosystem and Wildlife Loss: This new housing will have a negative impact on local habitats, walking routes, and the rural character of the open green space enjoyed by the community.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

I object to this application and request the removal of EM08a from the site allocation and remove the phrase "other than where allocated within this Local Plan or" from Policy 30.
