	Yes	No

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

The national rule that is supposed to protect the Chichester Harbour National Landscape has been changed by the council's wording of Policy 30. The council have added the words: 'other than where allocated within this local plan' and this lets the council's own sites skip the test to show exceptional circumstances.

In the full council meeting in July they stated that the exceptional circumstances test would happen at the planning application stage. However the new words in Policy 30 switch the test off at this stage as well because the site has already been 'allocated in the local plan'.

No exceptional circumstances have been identified and HBC has confirmed that no independent, site-specific assessment exists. No public interest for developing in the National Landscape has been stated. And Policy 30 as currently written then removes the test from the plan altogether for every site the council has chosen.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove the phrase "other than where allocated within the local plan" extra wording from Policy 30 so that it complies with the NPPF and the exceptional circumstances test applies to all major development in the National Landscape.
