Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant	X	
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

We think that this Policy does not meet the criteria of being Positively Prepared in relation to the Hayling Island Road Bridge.

The list of named projects should include the Bridge. HBC needs to liaise with Hampshire County Council (or later relevant authority) to ensure the adequate maintenance of the Hayling Island road bridge, the only transport link available for over 17,000 people. This population is set to increase following the decision of the Planning Inspectorate to grant permission for 300 homes at Rook Farm. At the Planning Inquiry HCC acknowledged the poor condition of the bridge and its need for repair.

We otherwise think that the majority of the Policy is Sound particularly to:
Encourage transport to shift to low carbon and more sustainable modes.
Increase coastal defences and flood risk and erosion management schemes.
Reduce flooding from rivers, streams and ground water.
Ensure sufficient water supply and adequate treatment of foul water.
Develop Infrastructure to generate and store renewable energy.
Secure land for habitat compensation, biodiversity net gain and nutrient neutrality.
Accept the need to secure land for the effective delivery of infrastructure.
Recognise that infrastructure may be needed because of the cumulative effects of nearby sites.

We would also like the following addition:
Infrastructure should not be replaced unless the need has been clearly established. Where new infrastructure is needed, this should be the most environmentally sustainable option that is viable e.g. we are currently opposed to the Southern Water scheme to recycle effluent in Havant, as there are more environmentally sustainable options available to deliver more drinking water.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Examination Hearing Session Invitation

If your representation / representations are seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?
Please note that while this will provide an initial indication of your wish to participate in examination hearing session(s), you may be asked at a later point to confirm your request to participate.
No details on the examination hearing session(s) have yet been determined and will be made available upon the submission of the Building a Better Future Plan to the Planning Inspectorate.

Yes, I wish to participate in examination hearing session(s)

Examination Hearing Session Invitation (2)

You indicated that you wish to participate in the examination hearing session(s). Please outline why you consider this to be necessary.
Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in examination hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

We may have additional evidence to present.
