	Yes	No

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

After reviewing all the information available and watching the full council meeting of July 15th 2026 it's clear to me that the late inclusion of The Horsefield, (EM08a) part of our beautiful Chichester Harbour Natural Landscape, into the Local Plan does not meet the exceptional circumstances requirement to potentially develop within this space and would set an unjustified precedent for future applications within any part of this valuable protected landscape.

It seems incredible that this plot can even be included at all in this process without any clear justification. Other than the land owner, who is benefitting from keeping it in the plan when it is clearly off limits? Why was it not declined immediately? This is such a simple and clear issue.

I see no advantages short or long term and no adherence to the legal compliance required for consideration for inclusion in the Local Plan, which is a major concern when looking at how decisions are made at this level. If this "black and white" example is included at this stage it casts doubt on how other decisions are being made at this level regarding the preparation of a sensible, viable and considered Local Plan which truly understands the "Local" element, at every stage of proceedings.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

I would request that the inclusion of site EM08a is removed from the Local Plan as its inclusion is not sound or legally compliant.
