Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

Havant Council has allocated land in the protected Chichester Harbour National Landscape for development, without proving there are exceptional circumstances that necessitate a major development on this site (EM08a).
The law requires HBC to protect this land , conserve and enhance this part of the National Landscape.
There is no evidence that development on this site is in the public interest.

HBC has unilaterally rewritten Policy 30 re Chichester Harbour National Landscape, without meeting the National Planning "exceptional circumstances test".

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The EM08a area site should be removed from the site allocation, because:
It is south of the A259 and therefore within the (legally protected) Chichester Harbour National Landscape.
It risks establishing a dangerous precedent in law to allow such development, that in the past has been refused in the National landscape, and that may lead to further developments being allowed south of the A259.
This is a valuable area for walking, wildlife, and part of a green corridor between Havant, Langstone and Emsworth, [redacted]
Mature trees (and their inhabitants) that border the site will be threatened by development of this greenfield site.
Sewage and waste disposal into Chichester harbour is already beyond capacity of local service providers and any development on this site will exacerbate this problem, affecting all users of the harbour and its wildlife. I am a canoeist and see this first hand.
ALSO
Therefore the phrase " other than where allocated within this Local Plan or " should be removed by HBC from Policy 30, for the above reasons and so that the rest of the Local Plan is not rejected by the Inspector for a minor proportion of the borough's housing target.
