Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

I object to the inclusion of Allocation 3 (EM08a - Horse's Field) on the grounds that it is not sound and not legally compliant.

The site lies within the Chichester Harbour National Landscape, a nationally protected landscape to which the highest level of protection is afforded. The Plan itself recognises that great weight should be given to conserving and enhancing National Landscapes and that development should avoid unacceptable impacts on such designations.

The allocation is not justified because the Council has not demonstrated why housing development within a National Landscape represents the most appropriate strategy when compared with reasonable alternatives. The site is subject to numerous environmental and heritage constraints identified within the Plan itself, including its location within the National Landscape, proximity to Solent Wader and Brent Goose Strategy land, adjacent Sites of Importance for Nature Conservation, flood risk, Tree Preservation Orders, archaeological sensitivity and nearby designated heritage assets.

The proposed mitigation measures do not overcome the fundamental issue that the allocation would result in the permanent loss of undeveloped land within a nationally protected landscape. Landscape buffers and planting may reduce visual effects but cannot preserve the site's existing contribution to the character, openness and natural beauty of Chichester Harbour.

There are also concerns regarding legal compliance. Policy 30 acknowledges the statutory duty to conserve and enhance the natural beauty of the Chichester Harbour National Landscape. However, the Plan does not explain how the allocation of a greenfield housing site within the designation satisfies, or furthers, that statutory purpose.

Accordingly, the Council has failed to demonstrate that Allocation 3 is either justified or legally compliant. The allocation should therefore be removed from the Plan.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Removing allocation 3 and providing other brownfield sites such as along Bartons Road in Havant
