Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant	X	
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

I consider Allocation 2 to be unsound because it relies on unsustainable travel options without actually securing them. The Council's own assessment states that proper walking, cycling, and public transport connections to Emsworth are non-negotiable for this development to be acceptable. However, the policy language only asks the developer to 'explore' these options, which places no binding obligation on them to actually build or fund them. Without guaranteed, deliverable transport infrastructure, the proposal is unfeasible and unjustified.

I am objecting to Allocation 2 on landscape grounds, as the plan is not justified. The site sits right next to the South Downs National Park, and the Council's own evaluations consistently rate it as one of the worst options in terms of visual and environmental impact. In fact, a 2015 study commissioned by the Council explicitly concluded that this land had the lowest possible capacity for development and should not be built on. Ignoring these clear findings makes this allocation soundly unjustified.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Delete Allocation 2 (Land north of Long Copse Lane) in its entirety from the Local Plan, including all associated policy text, site maps, and housing numbers. This modification is necessary to make the plan sound and justified, as the current draft conflicts directly with the Council's own evidence base: it fails to enforce essential sustainable transport links required by its Sustainability Appraisal, ignores landscape capacity studies highlighting the site's extreme visual sensitivity adjacent to the South Downs National Park, and relies on a site classed as merely "developable" with a history of withdrawn applications. Removing Allocation 2 ensures the Local Plan aligns with local environmental evidence, relies only on deliverable sites, and properly protects adjacent national landscapes.
