The Council's own evidence says that this site would only be acceptable if proper walking, cycling and bus links to Emsworth are provided, and that these should be agreed before any development takes place.

However, the plan itself only requires the developer to "explore opportunities" for these improvements. That is very different from actually requiring them to be delivered. A developer could look at the options, decide they are not practical or viable, and still have met the wording of the policy.

I therefore do not think the plan can rely on these transport improvements as part of the justification for allocating the site when there is no firm requirement for them to actually happen.

This site is immediately below the South Downs National Park and would have a significant impact on what is currently a rural edge to Emsworth.

The Council's own assessment gives the site one of the poorest landscape scores of the sites being proposed for development. More importantly, a landscape study commissioned by the Council in 2015 assessed this land as having the lowest possible capacity to accommodate development and recommended that none of it should be developed.

I am particularly concerned that this earlier study does not appear to form part of the current evidence being used to justify the allocation. Given the location of the site and its relationship with the National Park, I do not think such strong previous evidence should simply be disregarded without a clear explanation.

For these reasons, I do not believe the allocation is sound and I believe the site should be removed from the plan.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove Allocation 2 (Land north of Long Copse Lane) from the plan.
