Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

The Sustainability Appraisal does not meet the requirements of the Environmental Assessment of Plans and Programmes Regulations 2004. Appendix C appraises Policy 30 as a policy that prevents major development in the National Landscape - which is not the policy as published - and records that alternative approaches were not considered against all eight objectives, contradicting the paragraph 4.18. Appendix E states that it is not possible to mitigate the loss of openness, contradicting paragraph 4.56, which concludes that no site is strongly negative or insurmountable. Biodiversity criterion 1a is scored "uncertain or unknown" while the Habitats Regulations Assessment (evidence base RA03, table 11 and para 6.6 and 6.13) predicts functional habitat loss on the same land. Neither Appendix C nor Appendix D refers anywhere to exceptional circumstances.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Delete Allocation 3 and the allocated-site exception in Policy 30. In the alternative, the Plan should not proceed to examination until Sustainability Appraisal has been carried out on the Plan as published, including an appraisal of reasonable alternatives to Allocation 3 and an outline of the reasons selecting it.

If you wish to upload any documents to support your representation, please do so below. Please note that there is a maximum file size of 50MB and you can upload a maximum of 1 0 files to include with your form.

Examination Hearing Session Invitation

If your representation / representations are seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?
Please note that while this will provide an initial indication of your wish to participate in examination hearing session(s), you may be asked at a later point to confirm your request to participate.
No details on the examination hearing session(s) have yet been determined and will be made available upon the submission of the Building a Better Future Plan to the Planning Inspectorate.

Yes, I wish to participate in examination hearing session(s)

Examination Hearing Session Invitation (2)

You indicated that you wish to participate in the examination hearing session(s). Please outline why you consider this to be necessary.
Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in examination hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

The contradictions between the appraisal's main report and its appendices and between the appraisal and the Habitats Regulations Assessment, are matters on which I would wish to hear and respond to the Council's explanations.
