CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Dear Sir/Madam,

Please find attached a representation to the HBC Local Plan Consultation that had been sent to ourselves rather than direct to you.

Best Regards

Andrew Caple
(On behalf of the Save the Horsefield Group)

Can you send this to HBC as I've no idea how this QR code works

Emsworth was a small village and is now becoming a rather large town. It will at this rate be another city between Portsmouth and Chichester.
It does not however have the necessary water, sewage, roads in fact the infrastructure to manage this excessive building if enormous housing estates continue to be built.
We have already reached saturation point so how can Havant Council try to foist more destruction of our fast vanishing fields and
green spaces. It is madness, this is more destruction of National Landscape for very little gain since it is a relatively small field but any more building is too much for Emsworth.

Please remove the phrase "other than where allocated within the this Local Plan or"

Please remove the EMO8a from the site allocation

Margaret Johnson
