Dear Sir or Madam

Proposed Developments in Long Copse Lane

I am writing to raise my objection to the proposed housing developments in Long Copse Lane

The Lane is a narrow winding lane unsuitable for increased traffic and is in much need of repair especially down at the West Sussex end.

I think the lane would be much more prone to flooding with all the extra housing especially opposite my house once all the vegetation, that was cleared as any excess water would run off the field into the properties at this end of the Lane.

There are no amenities up here and no nearby access to public transport. There are only 4 buses a day running from Southleigh Road (our nearest point) and no public transport at weekends.

The whole drainage system for this area is already under severe pressure.

Why not build on existing brown field sites, there are plenty of them

So many dog walkers ramblers cyclists and horse riders really enjoy using the Lane and most people are friendly because they enjoy their surroundings

Yours faithfully

[redacted]

MRS J. ANDREWS
