As a major housebuilder with interests in the Havant area, Bellway Homes wishes to register its interest as a stakeholder in the LDF preparation process.

Can you please therefore add the company to your consultation database to be directly consulted on the various LDF documents, including the Sustainability Appraisal.

In particular we would be keen to comment on any housing, planning obligations and development control/design - related documents.

We would also wish to be involved in the evidence-gathering, where appropriate, since the development industry can hold useful information relating to the local housing and property market etc which could be useful in informing the local evidence base.

Regards
