Dear Sir,

**Havant Local Development Framework: Statement of Community Involvement**

I write on behalf of the Department for Constitutional Affairs in respect of the Havant Local Development Framework and the associated Submission Statement of Community Involvement which, I understand, is the subject of public consultation until 3<sup>rd</sup> March 2006.

Whilst not wishing to comment specifically on the Statement of Community Involvement at this stage, the Department for Constitutional Affairs, having a property interest in the area, would welcome the opportunity to participate in consultation on all forthcoming LDF documents as they emerge. I would be grateful, therefore, if you could contact me to advise of any such opportunities as they arise in the future.

Yours faithfully,

Helen Attewell
