

Appendix 3 – Overall Plans, Programmes Strategies and Initiatives

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
Overarching Plans, programmes				
European Union Strategy for Sustainable Development	European Spatial Development Perspective Sixth European Action Programme	The strategy refers to the already agreed objectives to combat poverty and social exclusion and to deal with the economic and social implications of an ageing society, but focuses on the need to: Limit climate change and increase the use of clean energy; Address threats to public health; Manage natural resources more responsibly; Improve the transport system and land use management.	Need to incorporate policies that reflect the objectives to combat poverty and social exclusion and to deal with the economic and social implications of an ageing society and which limit climate change and increase the use of clean energy, manage natural resources more responsibly; and improve the transport system.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
The UK Sustainable Development Strategy	World Summit on Sustainable Development; Millennium Development Goals.	Relevant Guiding Principles: Living within environmental limits; Ensuring a strong, healthy and just society; Achieving a sustainable economy.	Need to achieve a sustainable economy and a strong healthy and just society within environmental limits.	Include the relevant objectives and proposals in the SA framework objectives and appraisal criteria.
PPS1 – Delivering Sustainable Development	A Better Quality of Life - A Strategy for Sustainable Development in the UK; Sustainable Communities - building for the future.	Develop strong, vibrant, and sustainable communities by bringing forward sufficient, suitable land to meet needs for housing, industrial, retail and commercial development and for leisure and recreation; Provide improved access for all to jobs, health, education, shops, leisure and community facilities	Need to make provision to meet regional targets for housing and economic development; Include policies to improve access	Include the following if the SA Framework objectives and appraisal criteria: delivery of regional development requirements; improved access development focussed in centres and close to public transport; enhance and protect biodiversity, natural

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
		<p>open space, sport and recreation; Focus developments that attract large numbers of people, especially retail, leisure and office development in existing centres; Manage patterns of urban growth to make the fullest use of public transport; Promote the more efficient use of land through higher density, mixed use development and the use of suitably located previously developed land and buildings. Enhance as well as protect biodiversity, natural habitats, the historic environment and landscape and townscape character.</p>	<p>Allocate land for developments that attract large numbers of people in centres.</p> <p>Allocate land for development close to public transport Include policies and proposals for higher density, mixed use developments and reuse of previously developed land.</p> <p>Include policies to enhance and protect biodiversity, natural habitats, the historic environment and landscape and townscape character.</p>	<p>habitats, the historic environment and landscape and townscape character</p>
PPG13 –Transport		<p>To promote more sustainable transport choices for both people and for moving freight and to promote accessibility to jobs, shopping, leisure facilities and services by public transport, walking and cycling, and reduce the need to travel, especially by</p>	<p>Allocate land for development in centres and close to public transport.</p>	<p>Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.</p>

South East Plan (draft)	European Strategy for South East England Regional Planning Guidance (RPG9) Regional Economic Strategy Regional Housing Strategy Health Priorities for the South East	Expected to be approved in 2006, it will set the context for the Core Strategy particularly in relation to housing, the economy and transport. The overall strategy for the South Hampshire is one of 'conditional managed growth', with the pace of growth and development determined by, and conditional on, the rate of infrastructure investment. Development will be led by economic growth and urban regeneration. Portsmouth and Southampton will be dual focuses for investment and development.	Will set the context for the Core Strategy and specific requirements for housing and economic development. It will replace the structure plan, see below.	The requirements of the South East Plan will need to be included the following if the SA Framework objectives and appraisal criteria.
Hampshire County Structure Plan Review	RPG9	Sets out policies on urban regeneration, protecting the countryside and development to be provided for by 2011, but to be replaced by the South East Plan in 2006.	Currently sets the context for the Core Strategy and specific requirements for housing and economic development and strategic gaps. It will be replaced by the South East Plan in 2006, see above.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Havant Community Strategy 2005	Hampshire Community Strategy 2004-2007	Attract business to the Borough and expand existing businesses, revitalise Havant and Waterlooville Town Centres, increase the number of local jobs to reduce out-commuting,	The Core Strategy objectives will be derived from the Community Strategy objectives.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
		<p>encourage the development of knowledge-based and value-added business, increasing opportunities for skills development.</p> <p>Equal access for health for everyone, bring about a balanced housing market, reduce crime and disorder, encouraging young and older people to contribute to developing a local community, tackling disadvantages.</p> <p>Improving the design of built-up areas, better maintenance an presentation of open spaces, improving the appearance of access routes into towns, promoting more sustainable transport choices, improving road safety, improving access to transport for disabled, increasing recycling, efficient use of energy and investigating alternative energy supplies.</p>		
Plans of Adjoining Authorities				
Portsmouth City Local Plan	Hampshire County Structure Plan Review	Land allocated for employment, housing and infrastructure.	Recognise cumulative needs and impacts of businesses and residents of Portsmouth and Havant.	Need to assess cumulative impacts of future development.
Winchester City Local Plan	Hampshire County Structure Plan Review	Land allocated for employment, housing and infrastructure.	Recognise cumulative needs and impacts of businesses and residents of both Winchester and Havant	Need to assess cumulative impacts of future development.

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
East Hants District Local Plan	Hampshire County Structure Plan Review	Land allocated for employment, housing and infrastructure.	Recognise cumulative needs and impacts of businesses and residents of Eat Hants and Havant	Need to assess cumulative impacts of future development.
Chichester District Local Plan	West Sussex Structure Plan	Land allocated for employment, housing and infrastructure.	Recognise cumulative needs and impacts of businesses and residents of Eat Hants and Havant	Need to assess cumulative impacts of future development.
Social				
PPG3 – Housing		The key objective is to create mixed and inclusive communities that offer a wide range of housing and promote social inclusion. Policies must be based on a robust local housing assessment. Places emphasis on the re-use of previously developed land within urban areas in preference to the development of greenfield sites and the need to make the best use of land by increasing densities, promoting good design and creating more sustainable patterns of development with reduced car dependence.	Need to include policies and proposals to provide housing to meet identified need, and make the best use of land. Housing land allocations to follow a sequential approach	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
South East Plan		The preferred overall level of housing for South Hampshire is between 79,000 and 82,000 additional homes over the 20 years 2006 to 2026. There is no preferred spatial option at this	Need to make provision to meet regional targets for housing.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
		stage.		
Havant Housing Strategy 2002-2007	South East Hampshire Housing Market Study	Provide affordable housing, prevent homelessness, promoting best use of existing homes, improving housing stock, meet the needs of vulnerable people, promote neighbourhood renewal, make a safer community	Need to make provision to meet local housing needs.	Include local housing target and sustainable communities criteria in the SA Framework.
Havant Cultural Strategy		To promote opportunities for the recreational and cultural well being of the area.	Need to allocate land for recreational and cultural opportunities related to new development.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Hampshire Schools Organisation Plan		To balance the number of school places with the number of pupils for whom they are required.	Allocate sufficient school capacity for the forecast number of pupils.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Environment				
PPS7 Sustainable Development in Rural Areas		Good quality, carefully sited, accessible development within existing towns and villages should be allowed. Aim to protect the countryside for the sake of its intrinsic character and beauty, the diversity of its landscapes, heritage and wildlife the wealth of its natural resources and so it maybe enjoyed by all.	Need to include policies to provide for necessary development to be accommodated as far as possible within existing urban areas and policies to protect the countryside.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria
Havant Borough Landscape assessment		Describes the urban and countryside character areas and sets out priorities for protection and enhancement.	Include policies that protect valued areas and enhance other areas.	Include urban and countryside character objectives.

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
PPS9 – Nature Conservation	Habitats Directive; Wild Birds Directive European Biodiversity Strategy	Sites of importance for biodiversity and geodiversity to be identified on the proposals map with a clear distinction between International, national, regional, and locally designated sites. Biodiversity objectives to be reflected in policies in local development documents and proposals.	Sites to be shown on the proposals map and policies to protect designated sites and protected species to be included. Need policies to take account of biodiversity and provide for mitigation and the creation of new habitats where appropriate.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Biodiversity Action Plan	UK Biodiversity Action Plan Biodiversity Strategy for England Hampshire Biodiversity Action Plan	Ensure that policies within development plans take full account of biodiversity by ensuring that land allocations in the local plans take account of areas of value or potential value to wildlife. Giving protection to statutory designations, SINCs and other areas of wildlife value Giving protection to protected species and biodiversity priority species. Ensuring appropriate mitigation, compensatory provision and enhancement of biodiversity where development is permitted. Including policies that encourage the creation of new habitats, particularly in areas of deficiency.	Include policies and allocations that take account of biodiversity and provide for mitigation and the creation of new habitats where appropriate.	Include biodiversity objectives and indicators in the SA framework.
PPG25 –	EA Indicative Flood	Policies in development plans	When allocating land priority	Include the relevant

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
Development in Flood Risk Areas	Risk Mapping	should outline the consideration which will be given to flood issues and avoid inappropriate development on undeveloped and undefended flood plains.	to be given to land with little or no risk of flooding. Need to show areas of flood risk where specific policies are to be applied to minimise and manage the risk.	objectives and proposals in the SA Framework objectives and appraisal criteria.
Policy Statement on Flood and Coastal Protection		To reduce the risk to people and the developed and natural environment from flooding and coastal erosion by encouraging the provision of technically, environmentally and economically sound and sustainable defence measures.	When allocating land priority to be given to land with little or no risk of flooding and which will not exacerbate flooding elsewhere	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Material Resources Strategy		To extract primary materials only where it can be shown that the need cannot be met in a more sustainable way; To change minds and behaviours to use all resources efficiently and minimise wastage at all stages of production and consumption; Where waste is produced to maximise opportunities for business and the community to reuse recycle and compost such waste to produce sustainable products; To recover value from and dispose of unavoidable waste using sustainable means, as far as possible avoiding the landfilling of biodegradable / recyclable	Need to show safeguarded areas, minerals consultation areas and any minerals and waste allocations.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
Hampshire Minerals and Waste LDF	Minerals Planning Guidance Notes 1-14	waste. To conserve and ensure that the best use is made of mineral and waste resources; To provide for an adequate and continuing supply of minerals whilst ensuring the longterm maintenance of the character, landscape quality and diversity of Hampshire's environment; To secure increased use of waste as a resource and maximise the use of more acceptable methods of dealing with waste in place of disposal by landfilling.	Need to show safeguarded areas, minerals consultation areas and any minerals and waste allocations.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Strategic Guidance for the Solent	Solent European Marine Sites (SEMS) Management Plan Solent Shoreline Management Plan	Contains a diverse range of guidance and objectives relating to issues including coastal protection, nature conservation, landscape and seascape, recreation, marine industries and transportation.	Need to ensure that issues relating to the Solent are included in the Core Strategy.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Portsmouth Harbour Management Plan		To promote sustainable use of the harbour balancing the demands on its natural and man made resources.	Need to incorporate policies that balance demands on the natural and man made resources of the harbour.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Contaminated Land Strategy	Contaminated Land Inspection Strategy	Sets out how the Council intends to inspect the District for contaminated land.	Need to include policies to deal with the development of contaminated land.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
PPS22 – Renewable	Renewable Energy:	Includes policies for the	Need to include policies	Include the relevant

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
Energy	Changes to RPG9	development of renewable energy.	related to the development of renewable energy resources.	objectives and proposals in the SA Framework objectives and appraisal criteria.
Air Quality Review and Assessment		Review and assessment of air quality in the Borough.	Include policies that ensure development is easily reached by public transport, walking and cycling.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Hampshire Local Transport Plan		Locate development to reduce car dependence and increase choice for alternatives. Improve accessibility and social inclusion.	Include policies that ensure development is easily reached by public transport, walking and cycling.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Transportation in Havant	Havant Cycle Strategy	Sets out the Council's views on transport priorities and policies to influence the HLTP, inform the Local Development Framework (LDF) and to secure funding for transport infrastructure schemes.	Include policies and land safeguarding to achieve the identified priorities.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
PPG15 – Planning and the Historic Environment		Policies on the identification and protection of historic buildings, conservation areas, and other elements of the historic environment to be included in local plans.	Need to include criteria for the designation of new conservation areas and for the review of existing conservation area boundaries. Need to incorporate policies to protect the historic environment.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
PPG16 – Planning and Archaeology		Development plans to reconcile the need for development with the interests of conservation including archaeology.	Need to incorporate reference to archaeological remains and discoveries in the development control policies.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
Economy				
PPG4 – Industrial, Commercial Development and Small Firms		<p>"One of the Government's key aims is to encourage continued economic development in a way which is compatible with its stated environmental objectives. Economic growth and a high quality environment have to be pursued together. The Environment White Paper "This Common Inheritance" (Cm 1200) emphasised this relationship when it said that "Economic growth is not an end in itself. It provides us with the means to lead better and fuller lives. There is no contradiction in arguing both for economic growth and for environmental good sense. The challenge is to integrate the two."</p>	Need to include policies to accommodate economic growth that is compatible with environmental objectives.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
PPS6: Planning for Town Centres		<p>Town centres should be the first choice for the location of new shops offices and commercial leisure development as well as theatres, health centre, libraries museums, hotels and job centres; Need for a plan-led approach for growth and growing town centres and to tackle social exclusion by ensuring access for all to a wide range of everyday goods and services; and the need to promote</p>	Include town centre/retail policies and proposals that follow a sequential approach giving priority to central locations.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.

Relevant Plan or Programme	Associated Plan or Programme	Key objectives or Requirements of Relevant Plan and SA	Implications for LDF	Implications for SA
		more sustainable patterns of development with less reliance on the car."		
South East Plan (draft)	Regional Economic Strategy	An economic growth target of between 3 and 3.5 per cent every year across the South Hampshire An extra 69,000 – 89,000 jobs requiring around 400 – 500 hectares of land for industrial and business development in South Hampshire.	Need to allocate sufficient land for the provision of a range of premises for industry and business.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
South Hampshire Area Investment Framework		Creating new high quality value added employment opportunities, achieve a better balance in the structure of employment, improve adult skills, substantially reduce levels of deprivation, create a high quality environment, bring forward key development sites for development, support the development of new public transport infrastructure, improve accessibility and achieve a higher degree of integration between different modes of transport.	Need to allocate sufficient land for the provision of a range of premises for industry and business. Include policies relating to enhancing the environment and improving transportation.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
Economic Development Strategy		Promote development opportunities in Havant town centre. Assist the availability of a range of sites and premises for business.	Need to incorporate a policy for mixed retail business and leisure development in Havant Town Centre. Allocate sufficient land for provision of a range of premises.	Include the relevant objectives and proposals in the SA Framework objectives and appraisal criteria.
