

Minor Schedule of Changes

Proposed Pre Examination Schedule of minor changes to the Havant Borough Pre-Submission Core Strategy as supported by Havant Borough Council during the course of the Examination in Public

As at 16 Sept 2010

Explanatory note

This Schedule of Changes sets out the **minor** changes that have been made by the council to the Pre-Submission Core Strategy during the run up to and during the course of the Examination in Public. This schedule incorporates the schedule of changes (SD06/05) that were made to the Pre-Submission Core Strategy at the time of submission to the Secretary of State. The schedule will be updated periodically as any new proposed changes emerge.

The schedule now follows the chapter order in the Core Strategy. As new changes arise they will be added at the end of the appropriate chapter section.

If further changes have been made to an earlier proposed change these are highlighted in light grey.

The schedule lists all the changes along with a reason for the changes.

				Hill Farm strategic employment site. Finally, approximately 51,300 square metres of new employment floorspace may be provided on sites identified in the Development Delivery (Allocations) Plan. This four-staged process is in keeping with the PUSH apportionment process as it takes into account commitments in the planning pipeline, market demand and the aspiration to create a dynamic knowledge-based economy in the borough. This provides a robust total employment floorspace figure of 165,487 165,572 square metres that takes into account contingencies.
