Internet Access

Due to the public location of this access point, it may not be appropriate to access some websites or communications.

The Council reserves the right to restrict internet access to protect the Council's network, therefore internet access via GovWifi should only be used for the following:

- basic internet browsing via web browser (mobile or computer)
- receiving and sending emails
- use of legal streaming services for which you have a valid subscription and or license to access

Filtering will be applied to block access to the following categories of websites:

- adult sites including gambling
- malicious websites
- drug or alcohol related websites
- sites relating to terrorism

The Council makes no guarantee that this filtering is always effective and takes no responsibility for the content you access while online or any resulting consequences.

How we use your data

Your data will be held by the GovWifi service as per their [privacy notice](#) and the following information will be collected:

- email address
- mobile telephone number
- authentication attempts
- activation and last login dates
- IP address

The Council will also collect the following information while you are connected to our network via GovWifi:
