Policy
There is no basis that increasing number of moorings or berths, or intertidal structures such as jetties and slipways in Langstone Harbour should be prevented.

Vessel launching, mooring and storage
Langstone Harbour is not close to capacity in terms of water-based recreational use. (On what basis is this assertion made?)
Decisions on navigational safety should remain the responsibility of the Statutory Harbour Authorities and this should be made clear.
Construction of new jetties and slipways should be supported if they are a benefit to harbour users, and facilities providing new access to the water for vessels should be considered on merit.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
