	Yes	No
Legally compliant	X	
Sound	X	

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

I support Policy 1 and the approach set out at paragraph 2.24, which does not allocate greenfield land on Hayling Island for development because of the flood risk to the single access road on and off the island.

This is a justified and effective approach. Hayling Island's only road connection to the mainland is itself at risk of flooding, so any significant increase in the number of residents or vehicles relying on that road during a flood event would directly increase risk to life and undermine safe evacuation. Directing growth away from the island's greenfield land, rather than towards it, is a proportionate and evidence-based response to this constraint, and is consistent with national policy on flood risk and climate change adaptation, including the sequential and exception tests in the National Planning Policy Framework.

I ask the Council to retain this policy as drafted through to adoption, and to resist any representations from site promoters or landowners seeking to allocate additional greenfield housing sites on Hayling Island through this Plan or at examination.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
