Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

Site EM08a is unsound because it fails to meet the National Planning exceptional circumstances test.

Site EM08a is within a National Landscape so to build more houses requires HBC to explain what the 'exceptional circumstances' are. Residents have a democraftic right to know of this

For many years, via local Emsworth town planning submissions EM08a has never been included in the HBC plan. Now it is and without proper consultation. This makes the plan unsound and unprofessional.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Because it is unsound, EM08a must not be included in HBC "Building a Better Future" There are better potential housing sites to achieve HBC targets. We must protect our green environment and not build in the National Landscape around Chichester Harbour. If this is built upon, HBC do not have any tools to deter the next building submission.

The plan for Southleigh Road appears to meet your Planning criteria.
