	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

The Horsefield site EM08a lies within the Chichester Harbour National Landscape. Therefore ALL conditions as outlined in Policy 30 should apply to any proposed development of this site. I note with great concern that the list of development requirements which are to be met, as listed on page 98 of the document, crucially does not mention the developers having to “demonstrate that there are exceptional circumstances and the development is in the public interest”. This omission suggest that Havant Borough Council have taken the liberty to dis-apply the protection and conservation requirements to this particular field, although this clearly lies within the boundaries of the Chichester Harbour National Landscape. Perhaps this omission is a simple administrative error, but I certainly can’t see how HBC has the legal powers to simply ignore the “exceptional circumstances” clause. If this is the approach, where is the next plot within the National Landscape which will be lost to developers ?

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

See above.
Include the reference to exceptional circumstances, and public interest, in the core development requirements on page 98.
