Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

“Development can and should lead to positive environmental outcomes” does not fit with the scale of housing and employment plans all accessing same road network.
1.39 doesn’t mention failure to provide footbridge over Warblington rail crossing, despite previous funding being given.
Objective 2 “act to protect the environmental quality” is in direct conflict with proposed house building.
2.37 b) proposed development is on greenfield site.
d) development densities should not cram as many houses in as possible.
2.49 developments to be built without delay - a 10+ year build will lead to prolonged misery for existing residents.
2.80 safeguarding land for infrastructure - infrastructure should be in place before house building starts.
The document glosses over road transport routes and doesn’t take into account the 6 proposed developments, those built in recent years, those currently under construction, employment proposals or indeed the thousands of houses developed, or planned, between Emsworth and Chichester - all without any provision of the necessary infrastructure.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
