Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

HBC is allocating land for development that is within a National Landscape. (Site EM08a-The Horsefield) without demonstrating the execptional circumstances required by the National Planning Policy for major development. HBC has written Policy 30
(Chichester Harbour National Landscape) this allows sites to be allocated without meeting the National Planning exceptional circumstances test.
Allowing this to Plan will set dangerous precedent for building/development to be undertaken elsewhere within the Narional Landscape around Chichester Harbour. Thus increasing the pollution further of our waters and increasing pollution from increased traffic. Rejection of the Local Plan would only have a minor proportional impact on the housing target whilst preserving the natural environment. Retaining the natural landscape benefits the local communities much more that building unessesary ugly houses with multiple vehicles. Retaining the natural beauty of this landscape acts as a physical barrier between villages and towns and prevents unwanted urban sprawl. By allowing thisnplan to be passed we will witness irreversible damage to our natural landscape to provide unnagordable houses, clog up our highways, increase risk to cyclists and damage our Harbour. As a local sailor, windsurfer and paddle boarder I have first hand experience of the pollution local development is causing raw sewage to be pumped into our harbour and endangering the health of water lovers. This Plan needs to be changed before it is too late.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

1. Remove WM08a from the site allocation.
2. Remove the phrase"other than where allocated within this Local Plan or" from Policy 30.
