	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant or is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

What is the point of having a National Landscape(formally AONB) if it can be ignored by including it in a local plan. This area has been fought over for many years and proposals always rejected on many grounds including over-urbanisation, protection of habitat and it's inclusion in the former AONB. What has changed? The area opposite has already been built on and if this is approved it will be the last link of green between Emsworth and Havant. Such a conurbation would seriously affect our enjoyment and wellness that the area currently provides. This area has been used for grazing horses for decades and has never been left abandoned or fallow. It will mean almost any apparently protected land is now fair game. The government guidance for the use of National Landscape areas (policy 30, page 253) has not been followed and I cannot see how this can be in the public interest .This proposal is not what I expected from our elected representatives and should never have been included in the local plan.

Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.
You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove EM08a from local plan altogether.
