Page 98 . HBC has allocated land for major development within a National Landscape (Sie EMO8a the Horsefield) without demonstrating the exceptional circumstances required by the National Planning Policy for major development. This is unsound - EMO8a should thus be removed from the site allocation.

Page 253 Policy 30 seeks to amend the intention and meaning of the "Chichester Harbour National Landscape" and weaken its provisions thus jeopardising the future beauty of the Chichester Harbour National Landscape with local planning driven at the whim of councillors, developers and local government officials. The first sentence of the proposal should be amended please to read, "Major development will not be permitted within Chichester Harbour National Landscape unless it can be demonstrated that there are exceptional circumstances and the development is in the public interest." This has not been achieved in the current document rendering the Horsefield proposal unsound.
