Do you consider the Local Plan is ...
(Please select as appropriate)

	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

Site EM08a is land which forms part of the National Landscape and as such is protected beyond measures in place to protect the 'green belt'. It must be demonstrated that there are exceptional circumstances which require this protection to be removed. Such exceptional circumstances have not been demonstrated. Therefore the inclusion of this area is neither compliant nor sound.

HBC has quite wrongly modified Policy 30 to allow areas such as EM08a to be designated for development without meeting the 'exceptional circumstances' test. This sets a dangerous precedent whereby any area of the National Landscape may be designated as available for development. HBC's actions make a mockery of the measures put in place by law to protect our landscape.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

EM08a must be removed from the Local Plan in order to make the Local Plan compliant and sound.

Policy 30 must be modified to remove the phrase 'other than where allocated within this Local Plan or'

The removal of EM08a from the Local Plan will render it sound and compliant and will in turn serve to protect this and other areas of our National Landscape from inappropriate development.
