Do you consider the Local Plan is ...

	Yes	No
Legally compliant		X
Sound		X

Please give details of why you consider the Building a Better Plan is not legally compliant o r is unsound. Please be as precise as possible.
If you wish to support the legal compliance or soundness of the Local Plan, please also use this box to set out your comments.

I consider Policy 30 to be legally non-compliant and unsound because the additional wording “other than where allocated within this Local Plan” appears to create an exception to the National Planning Policy Framework's protection of National Landscapes.

The NPPF requires major development within a National Landscape to be supported only where exceptional circumstances exist and where it can be demonstrated to be in the public interest. I am concerned that the amended wording of Policy 30 effectively allows a site to be allocated through the Local Plan without first demonstrating that these requirements have been met.

There is no evidence that exceptional circumstances or the public interest test have been properly demonstrated for the proposed allocation of the Horsefield. I therefore consider that Policy 30 should not contain wording that allows an allocation within the National Landscape to bypass the requirements of national planning policy.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Remove or amend the wording in Policy 30 that permits the allocation of the Langstone Park site within the National Landscape without first demonstrating that the exceptional circumstances and public interest tests required by national planning policy have been met. The policy should make clear that the allocation cannot proceed unless these requirements have been properly demonstrated.
