Does not consider the effect of Mental health or removal of protected green space within Harbour Conservancy. Just because there is no access, does not mean green space is not valuable to mental well being. Additionally the development will erode available habitat for local wildlife in the conservancy.

Please set out the modification(s) you consider necessary to make the Local Plan legally c ompliant and sound, in respect of any legal compliance or soundness matters you have ide ntified above.
You will need to say why each modification will make the Local Plan legally compliant or so und. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Rapid expansion of Emsworth in recent years, amplified by the proposed Southleigh development of 1800 homes means that many surrounding green spaces have been removed. This also included recent development north of the A259. The Harbour Conservancy remains as an area of natural beauty that supports well being and mental health. The Horsefields development will impact this and no consideration has been given to this effect. This affects not only residents but other local people who visit Emsworth and Harbour area for relaxation. The Horse Fields area should be removed from the plan for development.
