

## S106 – 2019 Monitoring Year

The contributions shown under the application numbers/obligations identified below only become due on implementation of the planning permission and at various trigger points (usually the completion of a specified number of dwellings) for larger developments. The S106 agreements for the larger development sites will also include various non-financial obligations. For Outline Permissions the financial sums due may not be known until the Reserved Matters Application is submitted and decided. Payments due will often be subject to indexation.

Between 1 April 2018 and 31 March 2019, the following S106 Agreements were signed:

App No	Address	Type	Deed Date	Clause	Potential	Body Due to*
