The Town and Country Planning (Development Management Procedure) (England) Order
2015
Grant of Planning Permission

Application Number: APP/20/01093
Site Address: Land at Sinah Lane, Hayling Island
Proposal: Erection of 195No. dwellings, associated open space, pumping station, sub-station and formation of new vehicular access off Sinah Lane. Change of use of land from agricultural to a Wader and Brent Geese Refuge Area (Resubmission of APP/18/00724)

Further to your application received on 25 November 2020, which was valid from 01 December 2020, Havant Borough Council, as Local Planning Authority **Grants Planning Permission** for the above proposal in accordance with the submitted plans and particulars as detailed below.

This permission is subject to compliance with:

- (i) The plans and other documents submitted with regard to your application; and
- (ii) The following conditions:

Conditions:

- 1 The development must be begun not later than three years beginning with the date of this permission.
- Reason:** To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.
- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Reason: - To ensure provision of a satisfactory development.

3 **Landscape and materials**

Notwithstanding the submitted details no above ground development shall take place until a further detailed Scheme of Soft and Hard Landscape Works has been submitted to and approved in writing by the Local Planning Authority. These details shall include:

- i) Written specifications (including cultivation and other operations associated with plant and grass establishment,
- ii) Planting methods, tree pits & guying methods,
- iii) schedules of plants, noting species, planting sizes and proposed numbers/densities where appropriate,
- iv) Retained areas of grassland cover, scrub, hedgerow, trees and woodland,
- v) Manner and treatment of watercourses, ditches and banks,
- vi) Details of all hard-surfaces, such as paths, access ways, seating areas and parking spaces, including their appearance, depth and permeability,

vii) Means of enclosure, in particular boundary walls, fencing and planting around properties and including their frontages, including any retaining structures,

viii) The type of street lighting including calculations, contour illumination plans and means to reduce light pollution

ix) A timetable for implementation of the soft and hard landscaping works.

x) Fencing to the proposed links to Hayling Billy Trail and fencing to prevent the creation of unauthorised access.

xi) Specification including detail of size and planting density for the landscaped tree belt along the southern boundary of the bird refuge and northern boundary of the housing site.

The scheme of Soft and Hard Landscaping Works shall be implemented in accordance with the approved timetable. Any plant which dies, becomes diseased or is removed within the first five years of planting, shall be replaced with another of similar type and size, unless otherwise agreed in writing by the Local Planning Authority.

Reason: To achieve an appropriate landscaping scheme to integrate the development into the landscape and mitigate any impact upon the amenities of neighbouring properties, and to ensure that the roads, footway, footpath, cycleway, street lighting and surface water drainage are constructed to an appropriate standard to serve the development in accordance with policies DM10, CS12 and CS16 of the Havant Borough Local Plan (Core Strategy 2011) and the National Planning Policy Framework.

- 4 Notwithstanding any description of materials in the application no above ground construction works shall take place until samples and a full specification of the materials to be used externally on the buildings have been submitted to and approved in writing by the Local Planning Authority. Such details shall include the type, colour and texture of the materials. Only the materials so approved shall be used, in accordance with any terms of such approval.

Reason: To ensure the appearance of the development is satisfactory and having due regard to policies CS11 and CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

5 **Ecology and trees**

Development shall proceed in accordance with the ecological mitigation, compensation and enhancement measures detailed within the Ecological Mitigation and Management Plan, Biodiversity Action Plan and Winter Bird Mitigation Strategy (all WYG, November 2020). Ecological enhancement features shall be installed as per ecologists instructions and retained in perpetuity in a location and condition suited to their intended function.

Reason: To provide ecological protection and enhancement in accordance with the Conservation Regulations 2017, Wildlife & Countryside Act 1981, NPPF, NERC Act 2006 and Policy CS 11 of the Havant Borough Core Strategy March 2011.

- 6 Prior to the commencement of development activities a Construction Environment Management Plan (CEMP) shall be submitted to and agreed in writing by the Local Planning Authority. This CEMP shall include (but not be restricted to): specifications for construction timing and logistics; pollution prevention measures; measures to control surface water run-off and the emission of dust and noise; and specific measures to avoid or mitigate damage and disturbance to species and habitats. The CEMP should clearly detail the roles and responsibilities associated with the

protection of the natural environment during construction, and mechanisms for monitoring and reporting.

Reason: To protect biodiversity in accordance with the Conservation Regulations 2017, Wildlife & Countryside Act 1981, NPPF, NERC Act 2006 and Policy CS 11 of the Havant Borough Core Strategy March 2011.

- 7 Prior to the commencement of development activities, a Lighting Plan shall be submitted to and agreed in writing by the Local Planning Authority. This plan shall include lighting contour modelling and lighting specifications and shall be in accordance with the outline recommendations detailed within the Ecological Mitigation and Management Plan (WYG, November 2020).

Reason: To protect biodiversity in accordance with the Conservation Regulations 2017, Wildlife & Countryside Act 1981, the NERC Act (2006), NPPF and Policy CS 11 of the Havant Borough Core Strategy March 2011.

- 8 Prior to any demolition, construction or groundwork (including exploratory tasks such as archaeological survey digs etc) commencing on the site the approved tree protective measures, including fencing and ground protection, as shown on the approved Tree report ref BDWS20660trC shall be installed and agreed on site with the Arboricultural Consultant, and within the fenced area(s), there shall be no excavations, storage of materials or machinery, parking of vehicles or fires. The development shall be carried out strictly in accordance with the submitted details.

Reason: To ensure the enhancement of the development by the retention of existing trees and natural features during the construction phase in accordance with the objectives of the National Planning Policy Framework and Policy CS16, of the Havant Borough Local Plan (Core Strategy) 2011.

- 9 Development shall proceed in strict accordance with the ecological avoidance and mitigation measures detailed within the approved Report to Inform the Habitats Regulations Assessment Stage unless amended under the discharge of details in respect to condition 6 (Construction Environment Management Plan (CEMP)) or otherwise amended in writing by the Local Planning Authority. All avoidance and mitigation features shall be permanently retained and maintained in accordance with the agreed details.

Reason: To protect biodiversity in accordance with the Conservation Regulations 2010, Wildlife & Countryside Act 1981, the NERC Act (2006), NPPF and Policy CS 11 of the Havant Borough Local Plan (Core Strategy) 2011.

10 **Environmental**

The acoustic mitigation measures to be employed with regard to the building envelope and external amenity areas, including fenestration / ventilation, and fencing /walls for all residential units, shall meet BS8223:2014 standards as recommended for indoor and outdoor ambient noise levels for dwellings, especially in relation to living rooms and bedrooms i.e. during the day (07:00 to 23:00) 35 dB L Aeq,16 hour and at night (23:00 to 07:00) 30 dB L Aeq,8 hour for bedrooms; and external amenity space 50 / 55 dB LAeq,16 hour (50 dB is preferable).

Reason: To ensure the residential amenity of the property is not impacted upon by any external noise levels, especially noise from any commercial / business premises existing alongside the development, traffic noise and noise from pump stations and the like and having regard to Policy CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

- 11 No development shall commence until a Construction Management Plan is submitted to and approved in writing by the Local Planning Authority. The Plan shall

make comprehensive provisions for:

i) The control of dust setting out the measures for the control of any dust that might emanate from the development site, to include for a suitable and adequate water supply being available at the site prior to works commencing. Furthermore, the methods of dust control should be in accordance with the guidance as laid out in the BRE Report 456 - Control of Dust from Construction and Demolition activities. It should also be noted that besides the keeping of haul roads damp during dry weather conditions, any areas where tracked excavators, dozers and the like are working, are also be kept damp at all times.

ii) Temporary lighting;

iii) No burning on-site;

iv) Scheme of work detailing the extent and type of any piling proposed;

v) A construction-phase drainage system which ensure all surface water passes through three stages of filtration to prevent pollutants from leaving the site;

vi) Safeguards for fuel and chemical storage and use, to ensure no pollution of the surface water leaving the site.

vii) The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;

The approved Construction Environmental Management Plan shall be adhered to at all times throughout the construction of the development.

Reason: To protect the amenities of the area and of occupants of all nearby residential receptors from pollution and having regard to Policy CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

12 **Drainage and Flood risk**

No development shall begin until a detailed surface water drainage scheme for the site, based on the principles within the approved documentation, has been submitted to and approved in writing by the Local Planning Authority. The submitted details should include:

a. Confirmation that the attenuation basin low flow channel will not be affected by groundwater either through lining or the provision of groundwater monitoring information.

b. Confirmation of any boundary drainage features to ensure existing flow paths are not obstructed.

c. Details for the long term maintenance arrangements for the surface water drainage system including confirmation that the proposals identified for adoption by Southern Water are acceptable.

Reason: To prevent flooding elsewhere by ensuring that compensatory storage of flood water is provided, to reduce the risk of flooding from blockages to the existing culvert, and to reduce the risk of flooding to the proposed development and future occupants. This condition is required in accordance with Section 9 of the Planning Practice Guidance to the National Planning Policy Framework (NPPF) for Flood Risk and Coastal Change and Policy CS15 Flood and Coastal Erosion Risk of the Havant Borough Local Plan (Core Strategy) 2011.

- 13 No dwellings shall be occupied until the following drainage details have been submitted to and approved in writing by the Local Planning Authority: Details of consent from the Sewerage Authority for a connection to the public sewer for the development. The development shall be implemented in accordance with the approved details.

Reason: Without the provision of an appropriate surface water connection point the development cannot be appropriately mitigated and having due regard to policies and proposals CS16 and DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

14 **Highways**

A Construction Traffic Management Plan shall be submitted to, and approved in writing, by the Local Planning Authority (in consultation with Hampshire County Council Highway Authority) before development commences. This should include construction traffic routes and their management and control, parking and turning provision to be made on site, measures to prevent mud being deposited on the highway, adequate provision for addressing any abnormal wear and tear to the highway, and a programme for construction. Thereafter the approved plan shall be implemented and adhered to throughout the entire construction period.

Reason: In the interests of Highway Safety and to avoid excess soil being deposited on the existing roads and having due regard to policy DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

- 15 No dwelling hereby permitted shall be first occupied anywhere on the site until the road(s) serving that dwelling have been laid to at least base course.

Reason: To avoid excess soil being deposited on the existing roads and having due regard to policy DM10 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

- 16 The garages hereby permitted shall be retained and kept available for the parking of cars at all times and shall not be converted to living accommodation.

Reason: To ensure the retention of adequate on-site car parking in the interests of highway safety and residential amenity and having due regard to policies CS16 and DM13 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

- 17 The car parking, servicing and other vehicular access arrangements shown on the approved plans to serve each individual dwelling hereby permitted shall be made fully available for use prior to that dwelling being first brought into use and shall be retained thereafter for their intended purpose.

Reason: In the interests of highway safety and having due regard to policy DM13 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

18 **Archaeology**

No development shall take place until the applicant has secured the implementation of a programme of archaeological mitigation of impact, based on the results of the trial trenching, in accordance with the approved Written Scheme of Investigation (L-P Archaeology, ref LP3519L-WSI-v1.3, dated March 2020).

Reason: To mitigate the effect of the works associated with the development upon

any heritage assets and to ensure that information regarding these heritage assets is preserved by record for future generations and having due regard to Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

- 19 Following completion of archaeological fieldwork, a report shall be produced in accordance with an approved programme submitted by the developer and approved in writing by the Local Planning Authority setting out and securing appropriate post-excavation assessment, specialist analysis and reports, publication and public engagement.

Reason: To contribute to our knowledge and understanding of our past by ensuring that opportunities are taken to capture evidence from the historic environment and to make this publicly available and having due regard to Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

20 **Water efficiency/sustainability**

The development hereby permitted shall not be occupied until:

(a) A water efficiency calculation in accordance with the Government's National Calculation Methodology for assessing water efficiency in new dwellings has been undertaken which demonstrates that no more than 110 litres of water per person per day shall be consumed within the development, and this calculation has been submitted to, and approved in writing by, the Local Planning Authority;

and

(b) All measures necessary to meet the approved water efficiency calculation have been installed.

Reason: There is existing evidence of high levels of nitrogen and phosphorus in the water environment with evidence of eutrophication at some European designated nature conservation sites in the Solent catchment. The PUSH Integrated Water Management Strategy has identified that there is uncertainty as to whether new housing development can be accommodated without having a detrimental impact on the designated sites within the Solent. Further detail regarding this can be found in the appropriate assessment that was carried out regarding this planning application. To ensure that the proposal may proceed as sustainable development, there is a duty upon the local planning authority to ensure that necessary avoidance measures are provided against any impacts which might arise upon the designated sites. In coming to this decision, the Council have had regard to Regulation 63 of the Conservation of Habitats and Species Regulations 2017, Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011 and Policy E14 EX1 and E12 of the Pre-Submission Havant Borough Local Plan.

- 21 At all times following occupation of the development hereby approved, all measures necessary to meet the approved water efficiency calculation shall be maintained so as to ensure that no more than 110 litres per person per day shall be consumed in the development in perpetuity.

Reason: There is existing evidence of high levels of nitrogen and phosphorus in the water environment with evidence of eutrophication at some European designated nature conservation sites in the Solent catchment. The PUSH Integrated Water Management Strategy has identified that there is uncertainty as to whether new housing development can be accommodated without having a detrimental impact on the designated sites within the Solent. Further detail regarding this can be found in the appropriate assessment that was carried out regarding this planning application. To ensure that the proposal may proceed as sustainable development, there is a

duty upon the local planning authority to ensure that necessary avoidance measures are provided against any impacts which might arise upon the designated sites. In coming to this decision, the Council have had regard to Regulation 63 of the Conservation of Habitats and Species Regulations 2017, Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011 and Policy E14 EX1 and E12 of the Pre-Submission Havant Borough Local Plan.

22 **Electric Charging points**

Prior to first occupation of any dwelling with provision for an Electrical Vehicle Charging point full details of the Electrical Vehicle Charging point, shall be submitted to and approved in writing by the Local Planning Authority. The details shall include samples, location and / or a full specification of the materials to be used externally on the buildings. Only the materials so approved shall be used, in accordance with any terms of such approval.

Reason: To ensure the appropriate siting of such points and that the appearance of the development is satisfactory and having due regard to policies CS11 and CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and Policy IN3 of the Pre-Submission Havant Borough Local Plan 2036 and the National Planning Policy Framework.

23 **Other**

Notwithstanding the submitted Levels Strategy, no development shall take place until details of existing and finished floor and site levels relative to previously agreed off-site datum point(s) have been submitted to and approved in writing by the Local Planning Authority. The development shall be undertaken in accordance with the approved details.

Reason: To ensure the appearance of the development is satisfactory and having due regard to policies CS11 and CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.

- 24 Notwithstanding the provisions of any Town and Country Planning General Permitted Development Order (as amended), no extension, building or structure permitted by Part 1, Classes A and E of the 2015 Order, as amended, shall be erected within the curtilage of Plots 112 to 116 inclusive, without the prior written approval of the Local Planning Authority.

Reason: To ensure the enhancement of the development by the retention of existing trees and natural features in accordance with the objectives of the National Planning Policy Framework and Policy CS16, of the Havant Borough Local Plan (Core Strategy) 2011.

- 25 No works, such as percussive piling or works with heavy machinery, that would exceed the noise level of 69dbA or a noise level otherwise agreed in writing by the Local Planning Authority measured at the sensitive receptor which is the nearest point of the SPA or SPA supporting habitat shall be undertaken during the months of October to March (inclusive.)

Reason: To provide ecological protection and enhancement in accordance with the Wildlife & Countryside Act 1981, NERC Act 2006, Policies DM23 and DM24 of the Havant Borough Local Plan (Allocations) 2014, and the National Planning Policy Framework.

Other Important Information:

- (1) This notice only relates to the decision of Havant Borough Council as Local Planning Authority under the Town and Country Planning Acts. It does not relate to any other application that may be required under the Building Regulations or under any other Act, Regulation, Byelaw or Order where the Council's approval may be needed. For further guidance as to the need for consent under the Building Regulations please phone 023 9244 6571.
- (2) Your attention is drawn to the attached information regarding firstly your right to appeal to the Planning Inspectorate, if you are aggrieved by the Council's decision, and secondly the rights of an owner to, in certain circumstances serve a purchase notice on the Council. See www.planningportal.gov.uk/pcs.
- (3) Any failure to adhere to the details of the approved plans, and other documents or to comply with any conditions listed above may lead to enforcement action being taken by the Council. If you wish to depart from the approved details or conditions in any way you should contact the Planning and Development service at the Plaza or by telephoning 023 9244 6015.
- (4) In accordance with paragraphs 38-50 of the NPPF Havant Borough Council (HBC) takes a positive and proactive approach and works with applicants/agents on development proposals in a manner focused on solutions by:
 - Offering a pre-application advice service, and
 - Updating you of any issues that may arise in the processing of your application and where possible suggesting solutions, and,

In this instance:

- You were updated about issues after the initial site visit.
- (5) You are advised of Southern Water's consultation response which is available for inspection on the Council's website and which requests the following:
Construction of the development shall not commence until details of the proposed means of foul sewerage and surface water disposal have been submitted to, and approved in writing by, the Local Planning Authority in consultation with Southern Water.
 - (6) This permission was issued subject to the completion of a S106 Agreement dated 28th June 2021 to secure the following matters:
 1. Affordable Housing (30%)
 2. Provision of Bird refuge
 3. Provision of Open Space, including orchards, play area and associated infrastructure and arrangements for management including measures to ensure that the open space is managed in a Nutrient Neutral manner
 4. Solent Recreation Mitigation Strategy contribution
 5. SUDS maintenance and bond
 6. A contribution towards Health of £31,200
 7. Permissive paths
 8. A contribution towards a Community worker of £48,750
 9. Delivery of site access works via a S278 agreement, prior to commencement of development
 10. Off site Highways contribution of £679,000 towards improvements along the A3023 corridor up to, and including, the A27 roundabout
 11. Contribution payment of £35,000 towards improvements on the walking route from the development to Mengham Infant School and Mengham Junior School
 - 12.. Hayling Billy connection and contribution of £8,800
 13. Travel Plan and payment (by developer) of HCC fees in respect of the approval (£3,000) and monitoring (£15,000) of the Framework Travel Plan plus bond.

Our Ref: APP/20/01093

- 14. Skills and Employment Plan
- 15. Education contribution of £860,550
- 16. Traffic Regulation Order contribution of £5,000
- 16. S106 monitoring fee

**NOTIFICATION TO BE SENT TO AN APPLICANT WHEN A LOCAL
PLANNING AUTHORITY REFUSE PLANNING PERMISSION
OR GRANT IT SUBJECT TO CONDITIONS**

- These notes are for information only and do not purport to set out the law on the subject.
- Only the applicant possesses the right of appeal.

Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice and you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months [12 weeks in the case of a householder appeal] of the date of this notice, whichever period expires earlier.
- If this is a decision to refuse planning permission for a householder application and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- If this is a decision to refuse planning permission for a minor commercial application and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- If this is a decision to refuse express consent for the display of an advertisement and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
- If this is a decision to refuse consent to work on a tree which is subject to a Tree Preservation Order and you want to appeal against your local planning authority's decision then you must do so within 28 days of the date of this notice.
- If this is a decision to refuse any other type of application and you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice.
- **Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>.**
If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.
- The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry, then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK](#).

IMPORTANT NOTICE FOR APPLICANTS WITH REGARD TO BUILDING REGULATIONS

This notice only relates to the decision of Havant Borough Council under the Town and Country Planning Acts. It does not relate to any other application that may be required any other Act, Regulation, Byelaw or Order where the Council's approval may be needed.

For further guidance as the need for consent under the Building Regulations, please telephone Havant Borough Council's Building Control team on:

023 9244 6571
